12-3-2024

**Subject :** Request for organising interaction program with 1st year, 3rd year and final year students for upcoming placement and skill development awareness program.

Dear Sir ,

It's a pleasure to write this letter to you. We are deeply grateful and sincerely appreciate your willingness and support for giving us a chance to share our thoughts.

We are Igknight International and Apromise International together on a mission and vision to empower the youth of Manipur through employment and skill development. And we have been working for the past 5 year with students from various colleges youth in creating a positive difference in their lives through training, exposure and events.

As times are tough we want to support our youth and our state's economy through employment. As such we would like to request your support in conducting an interaction program with your students for skill development and placement for both final year and non final year students. We just completed a placement drive where 140 students appeared and out of which 17 got selected with a starting salary of around Rs26,000 per month as freshers. We have further plans to place another 200 youth by August, 2024. As such we would like your full support in making this happen.

We have full faith that you will fully support us in this endeavor as a leader in empowering education with quality and difference.

Your's sincerely

Chinglemba
